**RE: YOU HYPOCRITE -Your refusal to implement medical marijuana distribution to sick New Jersians**

Several years ago when you were still the U.S. Attorney General I stood outside your Office in Newark holding a sign calling you a fat hypocrite, and passing out literature explaining why you where a hypocrite (anyone could see you were fat) and you had me illegally arrested 4 times. ( [www.njweedman.com/hypocrite.html](http://www.njweedman.com/hypocrite.html) ) - The charges were rightfully dismissed by a Federal Judge.

I once again am calling you a **FAT HYPOCRITE** for deliberately undermining New Jersey's medical marijuana law, this time I won't be passing out literature it will be medical marijuana. Since becoming New Jersey's Governor you have deliberately undermined the implementation of this law. Your latest pudgy excuse and flat-out slimy bloated attempt at slowing down the inevitable by writing a letter to the current (New Jersey district) U.S. Attorney's office in hopes of getting your federal colleague to write back that marijuana is still illegal within the federal realm is hypocritical. In my mind and others this is a purposeful attempt to undermine our state law, this clearly is hypocritical in light of the oath you swore to uphold New Jersey Law. You as everyone else knows our Great democratic President, President Obama has as policy; ordered the US Justice Department not to interfere with medical marijuana patients, collectives or dispensaries in states that have passed medical marijuana laws.

*19 October 2009 The Obama administration has changed Federal policies on regulation of medical marijuana use under state law. During his presidential race last year, Barack Obama said that he intended to halt raids of medical marijuana facilities operating legally under state laws. Today, new Justice Department guidelines brought this change about .....*

By way of this letter directed directly to you and the Attorney General Ms Dow who was a "witness to my illegal arrest by you by the way". I'm informing you that I NJweedman Super-hero of the Potheads will be distributing medical marijuana to the sick and the needy in New Jersey in direct defiance of you and your authority. I as a matter of my personal Public Policy, the mandates of my faith and the stated Goals of the Legalize Marijuana Party feel obligated to help ailing people obtain quality Medical Marijuana and usurp your desire to prevent New Jersians from obtaining quality medical marijuana.

On June 15<sup>th</sup> I have a court date in Burlington County Courthouse for indictment # W2010-160-324, when I arrive in New Jersey for this court date I also will be making final arrangements and logistics to coordinate a "clandestine cannabis collective" in NJ for medical marijuana distribution system in direct defiance of your NON-POLICY, of stalling, delaying and blocking .

Enclosed in this letter and every letter that is CC'd below to Government officials, elected Officials and news media personal is **a sample of medical marijuana to be distributed.** A simple THC level test will show you also that your desire to have (swag weed), marijuana with very little THC levels is being totally ignored by me as well. The sample should test well above your chubby idiotic desire to distribute marijuana with less than 10% THC.
